Nougat Vital's primary goal is to connect people.  
We do that by preserving and refining the excellent recipes  
of our grandfather **Vital Gormez**, who started  
producing his own "Vital nougat"... in 1926.

We aim to make life sweeter, by connecting our team in our atelier,  
around the copper kettles, so that consumers enjoy our delicacies  
around their table at home.

After all, life is to be lived to the fullest.

Nougat Vital.  
Choose your moment of happiness.

« Ceci n'est pas du nougat! »  
Delicious soft-centered coconut bites and bars,  
enrobed in Belgian milk or dark chocolate.

Add value: add nougat. Vital's granulated nougat stands for crunchiness and flavour in chocolate bars, fillings and toppings. Available in conventional, fairtrade or plant based formulas.

Add value: add nougat. Vital's nougat cream allows you to create ice cream, chocolate centers, pastry fillings etc. with a delicious nougat flavour.

# 100% CRAFTSMANSHIP / SINCE THREE GENERATIONS

In our family business in Flanders, Belgium, we have been manufacturing the tastiest nougat and chocolate coconut bars in the country... for almost a century. Loyal to the traditional recipes, we strive to serve you the best sweets you might have ever tasted. Join Vital on its exciting journey!

When Vital Gormez married Elsa Soens, they quickly earned their living by producing and selling their “Vital nougat”. What started as a two-person’s show, soon became too large for their kitchen in the center of Ghent: mid 1930’s, they moved to Sint-Martens-Latem. In the 1960’s, their son Maurice took over and in 1976, the factory was relocated to Nevele, in the heart of Flanders.

Today, the third generation is at the wheel. Vital has evolved into Belgium’s best performing nougat manufacturer, proudly ranking at the top in Europe.

We combine our grandfather’s formulas with innovative techniques and novelty ingredients. A unique story for you to discover!
